BY-LAW No. 173.

A By-Law is provided for borrowing the sum of \$5,000.00 upon the credit of the Municipality at large.

Whereas it is expedient that there should be borrowed by the Municipality of the Town of Edmonton the sum of \$5,000.00 in order to pay the cost of acquiring Lots 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, in the Town of Edmonton, for the purpose of establishing thereon a public market.

And Whereas it is expedient that the indebtedness to be created by the proposed loan be spread over twenty years.

And Whereas the amount of the whole rateable property according to the last revised assessment roll is \$1,000,383.00.

And Whereas the existing debts of the Municipality, outside of the debt due for the current expenses of the present year, is \$78,025.40, whereof part is secured against the whole rateable property of the Municipality, and part is secured by way of special frontage assessment against certain property only, and no part is in arrears.

And Whereas it is expedient that this By-Law should take effect on the first day of September, 1899.

And Whereas it is expedient to provide for the repayment of the principal sum by the creation of an equal yearly sinking fund.

And Whereas the total amount which will be required to be raised annually by special rate for the annual interest on the new loan, the principal of five per cent per annum, half-yearly, and for repaying the principal by means of a sinking fund as aforesaid is \$23,400.00.

And Whereas the annual special rate on the dollar on the rateable property in the Municipality according to the last revised assessment roll required as being sufficient to pay the said sum of \$23,400.00 and interest thereon as aforesaid is 2.34 per cent of a mill.

Therefore, the Municipal Council of the Town of Edmonton, duly assembled, enact as follows:

1. This By-Law is to take effect on the first day of September, 1899.

2. The Mayor and secretary-treasurer of the Municipality may borrow on the credit of the Municipality the sum of \$5,000.00 and may issue debentures of the Municipality to the amount in sums of not less than \$100.00 each, repayable within twenty years from the said 1st day of September, 1899, with interest at the rate of five per cent per annum, payable half-yearly, such debentures to be payable at the Imperial Bank of Canada, Edmonton, N. W. T., and to have attached thereto coupons for the payment of interest.

3. For the purpose of paying the amount which shall be required to be raised annually for payment of the said interest and creating an equal yearly sinking fund to be set apart for the payment of the principal sum of \$5,000.00, a special rate of 2.34 per cent of a mill on the dollar over and above all other rates and taxes shall be levied (in the same manner and at the same time as the general municipal taxes) upon the whole rateable property of the Municipality in each year for the period of twenty years from the said 1st day of September, 1899, being the period during which the said debentures will run.

4. Saturday, the 20th day of July, 1899, between the hours of nine o'clock (standard time) in the morning and five o'clock (standard time) in the afternoon, at the Council Chamber in the Town of Edmonton, is hereby fixed as the day, hour and place for taking the votes of the electors for and against this By-Law.

5. Frederick K. Gibson is hereby appointed Returning Officer and St. George J. Devis is appointed Officer, to take the votes at the said time and place.

6. Saturday, the 20th day of July, 1899, at the hour of six o'clock (standard time) in the afternoon, at the Council Chamber, Edmonton, is hereby fixed as the time and place when and where the Returning Officer shall sum up the number of votes given for and against this By-Law.

Provisionally adopted in Council this 4th day of July, A. D. 1899.

WILL S. EDMISTON, Mayor.

G. R. F. KIRKPATRICK, Secretary-Treasurer.

PUBLIC NOTICE is hereby given that the foregoing is a true copy of a proposed By-Law which will be taken into consideration by the Municipal Council of the Town of Edmonton after being voted on by the electors; that the date of the first publication of the said proposed By-Law is the 4th day of July, A. D. 1899, in the Edmonton Bulletin, a newspaper published in the Town of Edmonton, and that the votes of the electors will be taken upon the said proposed By-Law on Saturday, the 20th day of July, 1899, between 9 a. m. and 5 p. m. (standard time) at the Council Chamber, Edmonton.

A WORD ABOUT REPAIRS.

There is no article that is so closely associated with us as a Watch. It regulates all our business, and of the greatest value or no value whatever. A watch must either be repaired properly or ruined, and hundreds of fine Watches have been utterly ruined by being practised upon by unskilled workmen and apprentices. Having been at the Jewellery and Watch Repairing bench for the past 19 years in the most reliable shops of some of the largest cities of EUROPE, UNITED STATES AND CANADA, from which I have received diplomas and excellent references for my skilled mechanical work, which proves that I am sufficiently master of my trade. I make this claim of work a distinct feature and give it my most scrupulous attention. All work entrusted to my care will be repaired expeditiously and in a superior manner, accompanied with a guarantee for twelve months. I shall do my utmost to gain the confidence of all who favor me with their patronage. One trial will prove.

Hopeing to have a call from you, I remain,

EDMONTON BULLETIN, JULY 6TH, 1899.

WITH THE COMMISSIONERS:

THE LANDING TO SLAVE LAKE.

Lesser Slave Lake, June 17, '99.
(Special correspondence.)

The treaty party with two scows and one York boat left the Athabasca Landing, June 2nd, at 2.30 p. m., going only a short distance up the river and the next day reaching Baptiste river, 8 miles from the Landing. The short distance made during these two days was on account of lack of men, the H. B. Co. not having more than four men to each boat, which at any time is too little, especially when the roads along the river are in such a bad condition as they were then, after several days of rain. At Baptiste river we camped all Monday on account of a heavy rain which lasted all day, and on Tuesday we again continued our journey northward, but under different conditions. The police seeing that no progress could be made with the number of men which the company had at hand undertook, at the request of Mr. Round, to track one scow to the lake, a distance of 130 miles up stream after having first consulted with Insp. Snyder, who is in charge of the police party, and got his permission to do so. The tracking was very hard on the police, who, however, stood the hard work well and held their own against the natives who were accustomed to the work, having been in the habit of hiring with the company year after year. On the road Insp. Snyder acted as bowsman and did all in his power to help his men all the way. The first day out was the hardest, the men sinking knee deep in clay and mud, sometimes having to crawl out on their hands and knees—and at times to be hauled out by one another. However, all is well that ends well; all parties got here to the lower end of the lake without accident, all in the party being in good health and happy. The head wind which has prevailed for some days still continues preventing any further progress for the present.

A flag is floated from the camp is pitched, and with the N. W. M. Police bugle sounding calls at different times during the day the camp would be, from a distance, taken for a military one. When within a few miles of Lesser Slave lake one York boat and 18 men of a crew arrived from the post, in charge of Donald Ferguson, to take us across the lake, so now there being a double crew to each boat and four boats in all, which makes the loads for each boat light, the journey should be an easy one.

When on the way up the river on the evening of the 13th, the party presented Father Lacombe with the following address:

To the Very Reverend Father A. Lacombe, O. M. I., Vicar General of St. Albert, Diocese of Edmonton. We cannot allow this, the golden anniversary of your apostolic marriage, to pass without expressing our cordial congratulations on the completion of a cycle made so glorious by constant labor for the redemption and zeal for the Great Master's glory.

While the medium of expression is altogether inadequate and there is an absence of pomp and ceremony, the music and the eulogy which would have marked this day had not your keen sense of duty led you to undertake this arduous and hazardous mission to facilitate the making of a treaty with the Indians of the north, it seems to us that there is a fitness in the circumstance of this celebration which harmonizes with your fifty years of missionary toil.

The mass in the little tent in the chill of the early morning, the chanting of Indian hymns, the rustic beauty of the service, the perils in the rapids, the discomforts on the land, typify a life which will make the most interesting and edifying chapter in our country's history. The title of that chapter will be "Pere Lacombe."

We assure you that we highly appreciate the privilege of having you as a companion, and that we ever cherish the memory of days of dreary travel made bright by your delightful reminiscences and days of sunshine made more joyous by your genial conversance.

We beg you to accept this humble testimony of our regard and extend our sincere wish that the Master may grant that our country may continue for many years to be blessed by your presence and your labors.

D. Laird, P. C., and Indian commissioner.

Jas. H. Ross, Indian treaty commissioner.

H. A. Conroy, accountant to commission.

H. B. Round, supt. of transport for H. B. Co.
Lesser Slave Lake, June 13, '99.

The address was signed by all the leading members of the commission.

Songs and speeches were given by many and a very enjoyable time was enjoyed in, until far on in the night. The affair was presided over by the Hon. Mr. Laird and most ably assisted by the other members of the commission, as well as Insp. Snyder. The affair ended by singing "God Save the Queen." On the 17th inst. we left the island with fair wind until within 25 miles of our destination when the wind changed to almost a hurricane against us, which compelled us to make for the shore in short order. Here we stayed all the next day having a head wind and left again on the 19th, when, after 17 days journey, we reached our destination at Slave lake and are now in camp at the so-called Stony Point. On our arrival at the new town at Willow point the Indians presented a volley in the commissioner's honor, and to-day, the 20th, a first meeting was held. The opening ceremony was performed at 2 p. m., when the N. W. M. P. paraded in full dress and gave the royal salute as the commissioners and the Indian chiefs passed into the meeting tent. The chiefs are all in favor of treaty and we expect everything as far as the Indian commissioners are concerned will be over in two or three more days. The Hon. Mr. Laird and the other members of the commission have shown their ability in dealing with the Indians, and their selection reflects great credit on the government.

The second meeting with the Indians took place this p. m., June 21st, with an opening ceremony of the same kind as yesterday, namely a royal salute by the escort. The meeting lasted until 6 p. m., when treaty was signed by the chief Koo-noos-nayoc, "Flash" and his five councillors for the Lesser Slave lake band of Indians, also by the head man of the Sturgeon lake Indians, who was present from that tribe. A medal together with a big flag was presented by Father Lacombe, Insp. Snyder and others. After the treaty the Hon. Mr. Laird and others shook hands with the chief, who is an intellectual and exceptionally smart looking man.

Several photos were taken during the day, the most interesting one being taken by Insp. Snyder, namely the chief with his medal and his councillors with the flag for a background. A meeting was called for 9 a. m. tomorrow, June 22nd, to pay off the Indians who are willing to follow their chief, and quite a number are expected to be present.

To-day, June 22nd, the meeting opened at 11 a. m. and 270 heads received their treaty pay. The amount paid was \$3,200. This concludes the treaty as far as the Indians are concerned here for the present, but quite a number are expected to swell the band at some future time. From here the treaty party splits up, the half-breed commissioners staying here for two weeks at least. Messrs. McKenna and Ross, Indian commissioners, Insp. Snyder, Mr. Round, Corporal Fitzgerald, Consts. McClelland, McLaren and Burman are leaving here early to-morrow morning for St. John, via Peace River Crossing, over land all the way, as Peace river is very high and on that account almost impassable for boats. This party will treat with the Indians at Danvegan and St. John, building a raft there and floating down stream as far as Peace River Crossing where a boat and crew is in waiting to take them on to the Vermillion where they expect to catch the main party which consists of Hon. Mr. Laird, Father Lacombe, Harrison Young, Martin, Dr. West, Conroy, Deschambault, Sgt. Anderson, Const. Lett, Lalonde, Verner, Burke and special Const. Kerr, as escort, who make treaty at Peace River Crossing and the Vermillion. The last named party won't start from here until June 24th for Peace River Crossing.

Turning back to the Indian treaty here I may say that the country surrounding the so-called Drift Pile river is the favored spot for a reserve by the Indian chief here, but nothing is definitely settled as regards the location of said Indian reserve. It is also rumored round here that Mr. Harrison Young will be the Indian agent here at Lesser Slave lake, and we only hope that the rumor will prove true as Mr. Young is, in my opinion at least, the best fitted man that the government could possibly get for the position, on account of his long stay in this part of the country before, which has given him a thorough knowledge of the requirements of the Indians and the way to handle them to the best advantage for all concerned.

The terms of the treaty here with the Indians is not for publication until the general report of the commissioners has been made and everything laid before the government at Ottawa. The camp here at Stony Point is growing daily, every trader has his canvas spread and his wares exposed to catch the dollars from the Indian as he gets paid. Ice cream parlors and restaurants are also established where ginger ale and soft drinks with cigars are to be had. The prices are high, but still every one seems to be doing a good business. The Hon. Mr. Laird and the other Indian commissioners are in high glee on account of their success with the Indians here. The treaty penned and

signed and every body paid in three days—an exceptionally quick work.

June 24th, yesterday, the first scrip was issued and sold, the price being \$75 cash. Winnipeg bankers (Alloway & Champion) were the purchasers. Lots of evidence was taken and a number of scrips will be issued to-day. The Indian commission party No. 2 left camp at Stony point at 3 p. m. and camped at the English mission to-night where they spend Sunday.

Yesterday, June 23rd, the Indians were issued with five days rations to take them back to their homes, and it took 1,600 lbs. of flour, 400 lbs. of bacon, 70 lbs. of tea to fill the bill besides about 24 lbs. of tobacco. Fine weather and flies bad. All the party in good health which is a great thing, especially as we have no picnic, but weather having prevailed ever since we left Edmonton with the exception of the few days spent here at the lake.

POLICE COURT.

Before G. W. Gairdner, J. P., on the 4th Michael Miotogon charged with assault on Mrs. Fardien was discharged with a caution.

Sam Sieg charged with assault. Complainant did not appear, and was charged the costs of the court.

Albert Otto vs. S. Moran, action for wages under the Master and Servants ordinance. Complainant claimed \$13 and costs, and was awarded \$3.

On the 5th before G. W. Gairdner, J. P., R. Wainwright charged with using threatening language to Victor Bowen, was bound over to keep the peace.

Before Leapt. Wilson at the hospital yesterday, Belcourt was charged with assault with intent to do grievous bodily harm on Michael, the Indian from White Whale Lake. The Indian, whose collar bone and ribs are broken, is in the hospital under medical treatment. The evidence showed that Michael had been supplied with liquor and was the aggressor. Belcourt was therefore, discharged on this charge, but together with another man named Lalonde, was re-arrested charged with supplying liquor to Indians. The case came up this morning before Leapt. Wilson and S. Lacroix, J. P., when the accused were found guilty and fined \$50 each, costs, or in the alternative one month with hard labor at the Fort.

MARKET SITE.

The town council have decided to purchase lots 30, 31, 32, 33, 34, 43, 44, 45 and 46 in River Lot 8 as a public market site. The price to be paid is \$3,500.

A by-law for the purchase of the site referred to will be submitted to the ratepayers. Saturday, the 29th July, from 9 a. m. to 5 p. m. in the council chamber is the time and place set for receiving votes for and against the by-law.

FROM THE NORTH.

The following travellers from the north arrived in town on Monday night: W. G. Ibbotson, from Hay river; McDonald, of the Glen Campbell party; Messrs. Kirkpatrick and McCauley, from Lesser Slave lake; Miss Lawrence, from Vermilion; Mr. Paul, from Lesser Slave lake; Leudrum, from Vermilion; Messrs. Atkinson and Hague, from Vermilion and formerly of Prince Albert, three prospectors from Fort Graham, and Miles McDermott, of Lesser Slave lake, in whose sail boat the party made the 240 miles from the lake to the Athabasca Landing in record breaking time, reaching Edmonton, 356 miles, in 4½ days.

The Glen Campbell party wintered about 25 miles west of Hay river and are now pushing on for the Nelson. The party divided in the winter. Campbell, Beddingfield, Scott, Bouvette and Taylor intend pushing on for the upper Liard where they will remain and prospect. F. Black, E. Reid and Alex. McLean will go down the Pelly to Dawson, and Geo. Black will return.

The Chatfield party, two brothers Chatfield from New York, and a man named Ager, wintered near the Campbell party. One of the Chatfield's froze his feet so seriously that he is on the way out to have them partially amputated. There was no scurvy whatever on Hay river.

Mr. Ibbotson had a hard winter at his trading post, through the delay in arrival of some of his supplies, which left him for six weeks on a ration of three bannocks a week, straight. The fur trade was very good and he brings in a number of thousand dollars worth of fur which will be put up for sale at once. Mr. Ibbotson left Hay river on the 1st June and reached Keg river on the Peace on the 3rd. Left there on the 5th for Peace River Crossing which was reached on the 17th. After four days at the Crossing they started for the lake which was reached on the 25th. As mentioned the trip from the lake to the Landing was made in 4½ days. This unusually quick trip was due to the excellent sailing qualities of Mr. McDermott's boat, one of the best for its size in the north.

BEAVER CREEK.

This school is now closed owing to the decease of the teacher which occurred on the 19th inst. On Monday, the 26th, a small hail storm came this way, beating down the grain. Of course, in our excitement, we said this country is no good, we would rather be in Parry Sound, but as you might expect nobody believes us, neither do we believe ourselves.

Our annual picnic come off on the first at Mr. Riley's. There is no doubt the ladies will make things go. I mean cakes, pies, and a long programme with lemonade, and political speech by our M. L. A.

And now I hear Mr. Samuel Anderson is going to establish a gigantic picnic that will put the affair of the 1st in the shade. It will come off on the 15th. Every body is invited to be present at the ranch close by the Creekford school.

From what I see and hear many C. P. R. quaters have been purchased lately, sometimes two at a time.

Of course just now everybody nearly is busy adding acre to acre, a noticeable fact is most everybody is using a stubble plow to break with. I see tenders are invited to carry mail from the Fort via Edna, fortnightly. We all expected over this we would have a weekly service. Aren't the Russians, when they exist by the thousands, to be considered with either a railway or weekly mail?

EDMONTON, THURSDAY, JULY 6, 1899

No. 71.

SUPPLEMENT.

Fig Leaves..

From ancient and biblical historians we learn that the early costume of man—and woman too—was fig leaves. Since those days times and manners have changed, and custom now demands more substantial apparel. Ladies of fashion now procure their gowns from Worth, the great Parisian modiste; and men, anxious to have fashionable attire at a reasonable price, go to

A LETTER FROM DAWSON.

Louis Couture writes from Dawson
City under date of May 24th, as
follows:

The great event for Dawson has
taken place and that is, the ice is off
from the river and easy communica-
tion with the outside world can now
take place. Letters can be sent out
and received, and necessities (or
luxuries here) such as sugar, milk,
butter, eggs &c., can be procured.
The cleaning up is now in full blast
and it is turning out away ahead of
expectations. Bonanza, Dominion,
Hunker, Sulphur, Gold Rim, and
many other creeks are a surprise, and
the output will be much larger than
anticipated. Eldorado is the best
creek and is well seconded by Do-
minion. What the output will be is
hard to say, but I am certain it will
greatly exceed last year. Side hills
and benches are being worked to a
great extent, and new discoveries are
taking place every day. Some of the
hill sides and benches are extremely
rich and more men will be at work on
these than on the creek claims. In a
year or two this country will be better
than at present, the overplus popula-
tion will leave and those remaining
in the country will find good employ-
ment. This past year there have been
thousands of men too many and they
to-day find themselves without money
or provisions and they will have to go
out. The government will have to
help some out or they will have them
in their hands another winter. They
have had to pay thousands of dollars
for hospital fees for the poorer class
during the past winter. The govern-
ment is blamed for everything here; a
man gets his claim jumped, and it is at
once the fault of the officials, and so on
with everything. True they are in
some way to blame for instance
some why don't they appropriate
money for trails, which are most
essential to the country's develop-
ment and again why such exorbitant
charges as \$1 per cord for deadwood,
and two cents per foot for small cabin
logs. Government fees and everything
else of the kind are too high and men
have to have rich claims to stand
them. Thousands have been without
employment all winter, and there is
to-day one-half more of a population
than is required for it must be remem-
bered that outside of mining no other
work is done like other places, for this
is solely a mining country. Lumber-
ing, except to furnish the camp,
agricultural or fishing are out of the
question, and what work is done here
depends entirely on the mine.

Wages came down to \$5 per day,
and in some case \$10 have been paid.
Provisions have been cheaper. Flour
\$8 per 50 lbs., bacon and hams 50c,
sugar went to \$1 per lb., milk up to
\$48 a case, and butter as high as
\$2.25 a lb., but the latter three
articles were very scarce and were
cornered. Clothing you could hardly
give away.

About the Edmonton boys: Messrs.
Woodworth and De Journal are doing
a splendid business, also Mr. Lisle.
S. McNamara is now out of employ-
ment and was unwell, and so is Mc-
Neil, Robertson, Roe and they have
done but little last winter. Bonais
is now doing well on a hill claim and
is taking out big money. His Do-
minion property did not turn out

good. Mr. De Journal is associated
with Boulais in the hill claim. He
furnished the money and Boulais does
the work. They bought the claims
for \$4,800, 300 feet by 100 feet deep,
and they have a good thing. Mel.
Matheson is at work on Eldorado, and
Mr. Matheson is well and in the
town at present. He just got down
from prospecting a claim on Last
Chance. M. Sutherland has worked
very steady ever since he arrived here,
and being very steady has a few
thousand before him and he expects
to be out in July. Mr. Lee was
appointed receiver and was at work
all winter. I have not seen him lately.
Hobert has been at work on a claim
for others. He was sick last summer
and was not able to do much. Borde-
leau has represented his claims and I
think it is all he has done. Pete
Prevost died, frozen to death. La-
mouroux and young McDonald also
died, and a few others. F. Hardisty
has been freighting with dogs and I
don't know what he is doing now.
Fred Taylor went up last fall to Sel-
kirk and I think to pass the winter
there. A good many have been sick
and your correspondent himself was
very bad for a few weeks. Couture
and son have secured an hotel on
Hunker and a small store in connec-
tion and are at present building up
additions to their place for the accom-
modation of the public. L. Confure
has bought a half interest in a hill
side claim, 250 feet by 1000 feet, No.
18, for \$6,000. No work will be done
this summer except on a small scale.
He also bonded No. 16 for other
parties for \$15,000. His other prop-
erties on Dominion he lost. His son
Louis has two claims, one on Gold
Rim and one on Gold Bottom. J.
McNamara has a good piece of
property on Skookum. I don't know
of any other Edmonton men having
any good mining properties. The life
is a hard one and anyone having
friends or relations need not be to
anxious if they do not get letters from
them. Mr. Taylor, of Lac St. Ann
has been inquiring about his son, I
can say that his son was well last fall
and is perhaps on some creek where he
cannot send any letter. I have four
letters here, two of them sent to my
wife at Edmonton which have been
sent back redressed to Dawson, one
containing \$70, and two others
written a year ago and only received
them on the 26th of April last.
